Microsoft 365 Fundamentals [MS-900T01]

Få en grundlæggende introduktion til Microsoft 365 og cloud-baserede services. Du får viden om overvejelser og fordele ved at anvende cloud-tjenester samt hvilke muligheder Software as a service (SaaS) kan give jeres organisation. Du lærer om Microsoft 365 Services til forbedring af jeres produktivitet, samarbejde og kommunikation samt en gennemgang af subscription, licenser, fakturering og support. Der vil ikke være praktiske øvelser på dette kursus.

Deltagerprofil

Kurset er for dig, som gerne vil have en grundlæggende forståelse for cloud-baserede løsninger, og de services der findes i Microsoft 365.

Du bør have en generel forståelse for IT.

Udbytte

- Forståelse for Microsoft 365 applikationer og cloud-services
- Forståelse for hvordan Microsoft 365 services supporterer teamwork
- Forståelse for funktioner og identiteter i Microsoft Entra ID
- Forståelse for sikkerhed med Microsoft Defender
- Forståelse for compliance management, trust og privacy
- Forståelse for subscriptions, licenser, fakturering og support i Microsoft 365

Det får du på arrangementet

- Kursusbevis
- Erfaren underviser
- Fuld forplejning
- Materiale på engelsk
- Undervisning på dansk
- Certificeret underviser

Indhold

Modul 1: Describe cloud computing and Microsoft 365 services

- Describe the benefits of using cloud services
- Describe cloud service types
- What is Microsoft 365
- Describe productivity solutions of Microsoft 365
- Describe collaboration solutions of Microsoft 365
- Describe endpoint modernization, management concepts, and deployment options in Microsoft 365
- Describe analytics capabilities of Microsoft 365

Module 2: Describe Microsoft 365 security and compliance capabilities

- Describe the function and identity types of Microsoft Entra ID
- Describe access management capabilities of Entra ID
- Describe threat protection with Microsoft Defender XDR
- Describe security capabilities of Microsoft Sentinel
- Describe the compliance management capabilities in Microsoft Purview
- Describe Microsoft's Service Trust Portal and privacy capabilities

Module 3: Describe Microsoft 365 pricing, licensing, and support

- Describe Microsoft 365 pricing, licensing, and billing options
- Describe support offerings for Microsoft 365 services

Bemærk: Indhold for dette kursus tilpasses løbende af Microsoft for at følge med den løbende teknologiske udvikling, der kan derfor ske ændringer af kursusindhold uden varsel.

Certificering

Dette kursus anbefales som forberedelse til eksamen [MS-900 Microsoft 365 Fundamentals](#). Ved beståelse opnår du certificeringen Microsoft 365 Certified Microsoft 365 Fundamentals. Du skal betale og bestille din eksamen særskilt.

Microsoft skriver følgende om denne certificering:

- This certification is designed for you, if you're looking to demonstrate foundational-level knowledge of cloud-based solutions to facilitate productivity and collaboration on-site, remote, and hybrid workers. As a candidate, you may have knowledge of cloud-based solutions or be new to Microsoft 365.
- As a candidate, you should be able to recommend Microsoft 365 solutions that address common organizational IT challenges. You should understand Microsoft 365 solutions: Improve productivity, Facilitate collaboration, Optimize communications, Help secure data, Identity and facilitate compliance.
- You should be able to recommend solutions for Endpoint and application management, Desktop virtualization, Automated operating system deployment, and Reporting and analytics.
- You should be familiar with Microsoft 365 licensing, deployment and migration assistance, and support options for organizations looking to maximize their investment in the cloud.
